

## Accommodation rental onboard

### Guest guidelines

Staying onboard a boat can be fun, and it's a great way to try out the boating lifestyle to see if it suits you and your family.

Please remember that other boat owners come to the marina for a relaxing break, so always be a good neighbour.

### Guests and hosts

You are the responsibility of your host boat owner and must follow their instructions.

All guests must have a handover onboard the boat with the boat owner (or someone familiar with the boat).

This should cover:

- Safety and access
- Operating instructions
- Toilets and rubbish
- Marina guidelines
- Emergency procedures

### Marina safety

Marinas can be dangerous places. We do everything we can to keep all visitors safe, but please always take care.

- Observe and follow all instructions given to you by your host or the marina staff.
- Do not try to move the boat or adjust the mooring in any way.
- Pontoons may be slippery when wet, frosty and at night. Sometimes there are trip hazards like ropes, and ramps may be steeper at low tide. Wear sensible shoes and don't run. Use a torch at night.
- Don't ride bikes on the pontoon or ride in the marina luggage trolleys.

- Children and pets should be kept under close control. The marina team can suggest local places to run and have fun.
- No swimming in the marina.
- Do not touch switches or plugs in the electricity supply pedestals. Ask your host or the marina office for help.
- Be careful getting on and off the boat
- It is a good idea to wear a lifejacket on the pontoon and on deck. Marina staff do.

### Respect other marina users

If you are interested in boats, most owners are very friendly and happy to chat about the merits of their boats. A friendly 'hello' goes a long way.

Boats are not sound-proofed, and sound can travel long distances over water, so please no loud music, TV, parties or other or antisocial behaviour.

Please don't leave anything that could be a trip hazard on the pontoon walkways.

### Respect the environment

We have lovely shower and washroom facilities, so please do not use the boat toilet in the marina. Ask your host or the marina office for access to our washrooms. Do not throw anything into the water or leave rubbish on the pontoons.

The marina has rubbish and recycling facilities – please make use of these.

If in any doubt, ask the marina staff.

### Terms & Conditions

We allow rented accommodation onboard boats in our marinas only under limited conditions. Please see our full Terms & Conditions for details.
